I understand that Musselshell Outfitters, LLC does not guarantee a "kill" to anyone. I also understand that there are many variables associated with a free ranging hunt for wild game. Some variables are weather conditions, physical condition of client, client's willingness to work with outfitters and guide, number of hours spent in the field hunting, and there is always some luck involved in a free ranging hunt. I understand that percentage rates and kill rates will change from year to year. I also understand that a H U N T is an adventure that we will not know the outcome of until the adventure is over.

I have read Musselshell Outfitters' current website (www.musselshelloutfitters.com), price list, and fully understand the conditions of the hunt and fully understand the **no refund policy**. Final payments for all bow hunts are due August 1. Final payments for all rifle hunts are due October 1. Final payments for Spring Turkey are due by April 1. We accept credit cards, PayPal, Square, Cashier's Check, and Check for final payments for the final balance. I want to book the services of Musselshell Outfitters, LLC.
